

George Tiersma

FULL-STACK SOFTWARE ENGINEER

EXPERIENCE

Digital Fusion (Remote - Los Angeles, CA)

Software Engineer:

Intern (March 2021 - Dec. 2021)

Junior (Dec. 2021 - Feb. 2023)

Intermediate (Feb. 2023 - present)

- ✦ Works full-stack on their photo management software, **DF Studio**
- ✦ Noticed that a back-end framework in the software had issues. Took initiative to check it entirely, fix all issues and add unit tests to help prevent further issues.
- ✦ There were a few business-internal for the tech support team and other developers that were broken, poorly designed and using outdated frameworks. I re-built them with a much better design.
- ✦ Safely used complex SQL updates to help the tech support team fix corrupt data for a customer several times.

EDUCATION

Associate's of Applied Science w/ Certificate in Computer Programming

Chemeketa Community College (Salem, OR)

January 2015 - June 2019

Cumulative GPA: 3.54
