

# George Tiersma

## FULL-STACK SOFTWARE ENGINEER

### EXPERIENCE

#### Digital Fusion (Remote - Los Angeles, CA)

##### Software Engineer:

Intern (March 2021 - Dec. 2021)

Junior (Dec. 2021 - Feb. 2023)

Intermediate (Feb. 2023 - present)

- ✦ Works full-stack on their photo management software, **DF Studio**
- ✦ Noticed that a **Java/Kotlin**-based backend system was having issues. Took initiative to check it entirely, fix the issues and add **JUnit** tests to prevent future problems.
- ✦ There were a few **Struts**-based ops tools for the tech support team that were broken. Re-built them with a much better design using **Vue & TypeScript**.
- ✦ Safely uses complex SQL updates when needed to help the tech support team fix corrupt data for customers

### EDUCATION

#### Associate's of Applied Science w/ Certificate in Computer Programming

Chemeketa Community College (Salem, OR)

January 2015 - June 2019

Cumulative GPA: 3.54
