

George Tiersma

FULL-STACK SOFTWARE ENGINEER

EXPERIENCE

Digital Fusion (Remote - Los Angeles, CA)

Software Engineer:

Intern (March 2021 - Dec. 2021)

Junior (Dec. 2021 - Feb. 2023)

Intermediate (Feb. 2023 - present)

- ✦ Worked on their photo management software, **DF Studio**
- ✦ Noticed that a framework in the software's code had issues. Took initiative to check it **entirely**. Independently found and fixed 14 problems in that framework.
- ✦ Re-engineered **3** different back-end tools used by the tech support team and other devs. These tools were previously broken, poorly designed and using outdated frameworks.
- ✦ Successfully helped the tech support team fix corrupt data for a customer **21 times** so far (sometimes with complicated SQL updates involved).

EDUCATION

Associate's of Applied Science w/ Certificate in Computer Programming

Chemeketa Community College (Salem, OR)

January 2015 - June 2019

Cumulative GPA: 3.54
