George Tiersma
FULL-STACK SOFTWARE ENGINEER

EXPERIENCE

Digital Fusion (Remote - Los Angeles, CA)

Software Engineer:
Intern *(March 2021 - Dec. 2021)*
Junior *(Dec. 2021 - Feb. 2023)*
Intermediate *(Feb. 2023 - present)*

✦ Worked on their photo management software, **DF Studio**

✦ Noticed the auditing system had issues. Took initiative to check it **entirely**. Found and fixed 14 problems that were **incorrectly auditing data**.

✦ Re-engineered **3** different back-end tools used by the tech support team and other devs. These tools were previously broken, poorly designed and using outdated frameworks.

✦ Successfully helped the tech support team fix corrupt data for a customer **21 times** so far (sometimes with complicated SQL updates involved).
