George Tiersma
FULL-STACK SOFTWARE ENGINEER

EXPERIENCE

Digital Fusion (Remote - Los Angeles, CA)

Software Engineer Intern (March 2021 - Dec. 2021)
Junior Software Engineer (Dec. 2021 - Feb. 2023)
Software Engineer (Feb. 2023 - present)

- ✦ Worked on their photo management software, **DF Studio**

- ✦ Noticed the **auditing system** was full of issues. Took initiative to test and fix them all.

- ✦ Re-engineered **3** different back-end tools used by the tech support team and other devs. These tools were previously broken, poorly designed and using outdated frameworks.

- ✦ Helped the **support team** fix complicated database issues that were reported by customers

- ✦ Modernized numerous files to use modern languages and cleaner code

EDUCATION

Associate's of Applied Science w/ Certificate in Computer Programming

Chemeketa Community College (Salem, OR)

January 2015 - June 2019

Cumulative GPA: 3.54
